VOL 2 NO.14
FEBRUARY '91

Frontispiece: Don
 Armstrong sitting in
 the command chair (?)
 lashed to the Port side
 of the poop deck of the
 'LADY NELSON' - see
 inside.

Playtime down at Barry's
 Beach Marine Terminal.
 Courtesy of our friends
 in 'Blue Anchor'.
 See, we are'nt the only
 ones with a weird and way
 out sense of humour.
 I like the chances of the
 crewman trying to push a
 two thousand ton oil rig
 supply vessel away from
 the roller of the one he
 is standing on, don't you?

The breathtaking view of
 'Lady Nelson' as we first
 saw her on our arrival
 at Hastings Marina. This
 beauty is a replica of
 the original - see full
 story of her and our trip
 on the replica inside.
