NOTE :- This is the last Bilgewater in this format as the last General Meeting decided that the general content was not enough for the club members interests, and the last Committee of Management ruled that it was unconstitutional in that at two month intervals the members were not being informed adequately. We will now go back to a 12 page newsletter issued each month.

I offer my sincere apologies to those who may have been bored in the past, and say only in my defence that I tried very hard and thank you all for giving me the opportunity to serve you and our common modelling interests. I can also truly say I have 'done my bit', and now I can perhaps get some modelling done. Graham Ryan - Editor.
